CURRICULAR AND CO-CURRICULAR ACTIVITY 2020-2021

Shri Venkateshwara Shikshan Sanstha's
VENKATESHWARA INSTITUTE OF MANAGEMENT, PETH
Annual Report

In the academic year 2020-21, all programs were conducted online due to Covid-19 pandemic. It was not possible for actual students to be present in college due to pandemic. Awareness programs were taken about the misunderstandings about corona infection through various communities and they were asked to work about it in the village where the volunteers are staying and it helped to remove the misunderstandings about corona in the community and safety. Following extension activities were carried out.

To,
Director,
Venkateshwara Institute of Management,
Peth-415407

Dear Sir,

I would like to appreciate all the hard work and diligent efforts of teachers, non-teaching staff and students at Venkateshwara Institute of Management, Peth who have rendered voluntary in Islampur area.

Your voluntary work for creating awareness among the public, guidance about vaccination etc. during this critical Situation of Covid-19 is unparalleled.

Wish you all the best.

You're sincerely

प्रति,

भा.संवालक,

व्हॉकॅटेश्वर इन्स्टिट्यूट ऑफ मॅनेजमेंट,

पेठ, ता. वाळवाजि. सांगली.

विषय :- पूरबाधित गावकऱ्यांना जिवनावश्यक वस्तु दिल्याबाबत आभार.

महोदय,

आपल्या महाविद्यालयाने कुंडलवाडी येथे पूरबाधित गावकऱ्यांना जिवनावश्यक वस्तुचे वाटप केले. तसेच आपल्या महाविद्यालयाने या संकटकाली कुंडलवाडी गावकऱ्यांना मदत केली. त्याबद्दल आम्ही आपले आभारी आहोत.

कळावे,

आपला विश्वासु,

सरपंच

MC DIRECTOR

Vastu Shiksha Institute of Management
 Path, Tel. Wahn. Dist. Sangli.

7.1.2 The Institution has facilities and initiatives for

4. Green campus initiatives

1. With a great vision of our Patron "Vanashree Nanasahb Mahadik" the Institute has planted different types of trees and always focused towards clean and green campus. The Institute is surrounded with lush green lawns, number of trees and situated at pollution free village, Peth.
2. Many Staff shared their vehicle with colleague.
3. Public bus stop is also very near to College campus and it gives facility to most of the students to use public transport.
4. Students are motivated for not to use plastic and care is taken to make campus plastic free.
5. The Institute is known for its lush green, nicely maintained campus. Sprinkler irrigation systems are used for watering, that saves large amount of water. Plantation of various trees and herbal medicinal plants is done in the campus and outside the campus.
6. Institute building is so architectural that campus is free from pollution.

No-Vehicle Day (2021-2022)

Venkateshwara Institute of Management, Peth. "Every year, we organize various programmes to promote environment protection. Every fourth Saturday of the month observed No Vehicle Day in which not a single vehicle was allowed inside the college campus. Student becomes aware about bad impact of vehicles on the nature and encouraging their friends and neighbors to use bicycle or electric bike for travelling in the city.

It is observed that during the working hour of the college many students and most of the staff members use private vehicles like cars/bikes/scooters. 22nd September this day is observed all over the world as a World car free day, as a small step towards greener environment in our coming future. Respected I/C Director Dr. S. B. Wadkar Sir encouraged the students to participate in such activities in future as well.

No-Vehicle day (2017-2018)

Report

Venkateshwara Institute of Mangement, Peth has declared that every fourth Saturday of the month will no vehicle day on their campus as a part of its 'green-campus movement'. Under the program of green_environment initiated by the government, they college and college Director Dr. P. K. Katti Sir decided to take this step. The authorities said that going forward, these fourth Saturdays would be dedicated to cycling and contributing to nature. On this day, the students and staff were urged not to use their own automobiles for transport and to rely mostly on more eco-friendly ways of transportation like the Municipal Transport or cycling or walking. The day was celebrated to reduce, for at least a day, the ever-increasing load on the environment via air-pollution and also to promote the use of public transport.

GREEN AUDIT
2021-2022

VENKATESHWARA INSTITUTE OF MANAGEMENT
PETH

Introduction

A Green Audit for Environmental Protection:

Green Audit is a process of systematic identification, quantification, recording, reporting and analysis of components of environmental diversity of various establishments. It aims to analyze environmental practices within and outside of the concerned sites, which will have an impact on the eco-friendly ambience. The purpose of Green auditing is to assess periodically the compliance of completed or on-going activities with the requirements of legislation, measures proposed in environmental policies, environmental management systems and environmental schemes or the provisions of standards and contracts.

B Benefits of Green Audit:

- Ensuring legislative compliance.
- Reducing environmental impacts.
- Reducing waste, water and energy costs.
- To safeguard the environment and natural resources.
- Empower the organization to frame a better environmental performance.
- It portrays good image of institution through its clean and green campus.
- Finally, it will help to built positive impression for the upcoming NAAC visit.

C NAAC criteria VII Environmental Consciousness:

Green Audit is assigned to the criterion VII of NAAC. National Assessment and Accreditation Council which is a self-governing organization that declares the institutions as Grade A, Grade B or Grade C according to the scores assigned at the time of accreditation of the institution. The intention of green audit is to upgrade the environmental condition in and around the institution. It is performed by considering some environmental parameters like water and wastewater management, energy conservation, waste management, air monitoring, etc. for making the institution more eco-friendly.

Students are the major strength of any academic institution. Practicing green actions in any educational institution will inculcate the good habit of caring nature in students. Many environmental activities like plantation and nurturing saplings and trees, cleanliness drives, bird watching camp, no vehicle day, rain water harvesting visits to ecologically important places through green clubs will make the student a good citizen of country.

D Profile of Venkateshwara Institute of Management,Peth:**Venkateshwara Shikshan Sanstha.**

We welcome you to the institute of Management established by Venkateshwara Shikshan Sanstha, Peth, Tal- Walwa Dist- Sangli. Ours is well known institute among the management institution in the area of Shivaji University. An establishment of this institute has helped the enthusiastic learner who aspires to be managers, businessmen and entrepreneurs. Our institute has environment friendly campus, well equipped library and a computer lab. An experienced and pro student approach of the faculty members is an added feature of the institute. The VIM is not only a management institute but nurtures and polishes young generation by giving need based lessons of business education. The institute is affiliated with Shivaji University, Kolhapur and provides the curriculum of highest academic standards.

Main Aim

Uncompromising adherence to value and implementation of high quality educational programme, with the aim of creating and developing a rich pool of selfless young men and women, capable of ensuring for themselves a decent livelihood and meeting the growing needs of developing society were committed to satisfy our stake-holders and society at large by providing world class education to our students

- To provide Managerial education to all industries.
- To undertake research on related to all industries.
- To provide consultancy services to industries through Managerial Adviser team.

To provide in-plant training and placement

Our Mission.

To motivate and inspire the potentials among the youth by giving need based lessons of business education and to develop Maharashtra and Nation.

COLLEGE PROFILE IN BRIEF

NAME OF THE COLLEGE : Venkateshwara Institute of Management,Peth.
ESTABLISHMENT : 2009
PIONEERS : Late Hon. Mr. Nanasaheb R. Mahadik

Management Institute plays an important role in achieving national development. Management is a critical component of business operations. It is needed in every industry and nearly every corner of companies, in order to be productive and profitable. As a result, management is an important topic for students to learn in college—no matter their professional goals. Management is a versatile subject that teaches students how to understand organizational behavior, motivate and influence others, as well as become a leader in the modern business world. In a competitive job market filled with qualified candidates, leadership and management skills can be exactly what sets you apart. Therefore government of Maharashtra and Shivaji University Kolhapur have under taken to start need based/job oriented course MBA in MM, HRM, FM, BI, ABM, IT&SM, OM, IB, HM, ED. The major corporate industries movement in Western Maharashtra has contributed a lot in the industrialization. The potential of this area has made Shivaji University is as an ideal place to start MBA in MM, HRM, FM, BI, ABM, IT&SM, OM, IB, HM, ED.

- **Classroom:** 03 spacious classrooms with necessary furniture & blackboards in 01 building of the college.
- **Library:** The library of the college is big stored with more than 3438 books & 01 study room.
- **Laboratory:** 01 spacious laboratories with Computers with Battery backup, equipment's & furniture etc.
- **Administrative Office:** The spacious LAN computerized administrative office with modern technology & with necessary facilities.
- **Toilet:** 02 Toilets for gents & 02 toilets for ladies.
- **Conference Hall:** Independent conference hall with necessary facilities for different activities of the departments.
- **Study Room:** In the library one reading for students & study room for faculty members. This study rooms are facilitated with necessary furniture. Drinking water facility is available in the library.
- **Canteen:** One canteen in the campus providing tea & snacks.

Methodology

The college has conducted Green Audit in the year 2021/2022, on a yearly basis. The audit was carried out in three phases.

a. Questionnaire survey:

It includes administrative issues associated with the planning of audit, selecting the personnel for the audit team, preparing the audit protocol used by organization, obtaining background information, etc. The scope of the audit was defined at this step. It was decided that the information related to Water and Wastewater management, Energy conservation, Green belt, Carbon inventory, Solid waste management, Hazardous waste management, Air and noise quality status, activities of nature club, etc. should be gathered for the audit purpose. For collecting data related to these different areas, specific questionnaires were prepared.

b. Onsite visit and observations:

The data related to above mentioned areas was collected by visiting each and every facility of college campus. The questionnaires were filled up according to the present situation. Photographic documentation was also done with the help of sophisticated camera.

c. Data analysis:

After collection of secondary data, the reviews related to each environmental factor were taken by the green audit team. The data was tabulated, analyzed and graphs were prepared using computer. Depending upon the observations and data collected, interpretations were made. The lacunas and good practices were documented. The Environmental Management Plan (EMP) was prepared for the next academic year in order to have better environmental sensitization. Finally, all the information was compiled in the form of Green Audit Report.

a. Water and Wastewater Audit:

Water audit can be defined as a qualitative and quantitative analysis of water consumption to identify means of reducing, reusing and recycling of water. Water Audit is nothing but an effective measure for minimizing losses, optimizing various uses and thus enabling considerable conservation of water in irrigation sector, domestic, power and industrial as well. A water audit is a technique or method which makes possible to identify ways of conserving water by determining any inefficiencies in the system of water distribution. The measurement of water losses due to different uses in the system or any utility is essential to implement water conservation measures in such an establishment.

Water accounting is the process of communicating water resources related information and the services generated from consumptive use in a geographical domain, such as a river basin, a country or a land use class; to users such as policy makers, water authorities, managers, etc.

Importance of Water Audit:

- Water audit improves the knowledge and documentation of the distribution system.
- Identifies the problem and risk areas and a better understanding of what is happening to the water after it leaves the source point.
- Leads to reduced water losses.
- Improved financial performance.
- Improved reliability of supply system.
- Efficient use of existing supplies.
- Better safeguard to public health and property and reduced legal liability. Reduced disruption, thereby improving level of service to customers.
- Large potential cost savings that can be achieved by water harvesting, through the recycling of water and the use of rain water.

It is observed that a number of factors like climate, culture, food habits, work and working conditions, level and type of development, and physiology determine the requirement of water. The community which has a population between 20,000 to 100,000 requires 100 to 150 liters per person (capita) per day. The communities with a population can consume over 100,000 — 150 to 200 liters person (capita) per day. As per the standards provided by WHO Regional office for South East Asia College requires 2 liters per student; 10-15 liters per student if water-flushed toilets, Staff accommodation requires 30 liters per person per day and for sanitation purposes it depends on technology.

C) Water Audit:

Water usage can be defined as water used for all activities which are carried out on campus from different water sources. This includes usage in all residential halls, academic buildings, on campus and on grounds. Wastewater is referred as the water which is transported off the campus. The wastewater includes sewerage, residence, hall waters used in cooking, showering, clothes washing as well as wastewater from chemical and biological laboratories which ultimately going down in sink or drainage system.

Water Audit Process:

❖ Overall water consumption in Venkateshwara Institute of Management,Peth:

From the data collected for water audit of Venkateshwara Institute of Management, the water distribution and water consumption pattern is noticed as follow. The college is having main building for administrative work as well for teaching work. For the water audit purpose we categorized the college campus area into three buildings namely as Main Building, office and Garden.

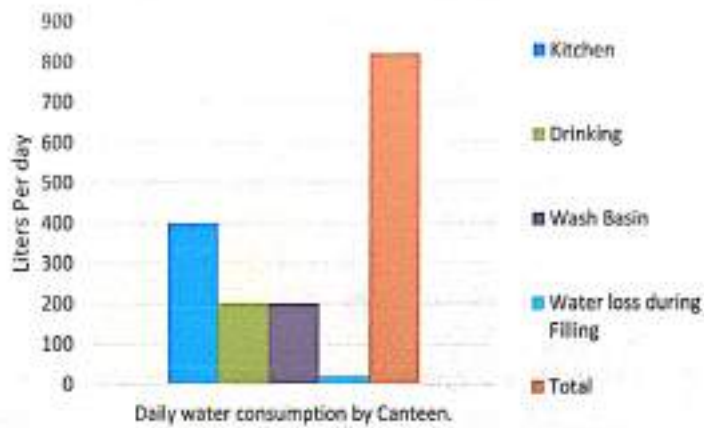

In water audit study the daily water consumption by Main Buildings is found to be as follows.

Daily water consumption by All Buildings					
Site	Office	Garden	Canteen	Water loss during Filling	Total
Total use of Water (litrer/day)	150	800	820	50	1820
Percentage	8.241758	43.956044	45.054945	2.74725275	100

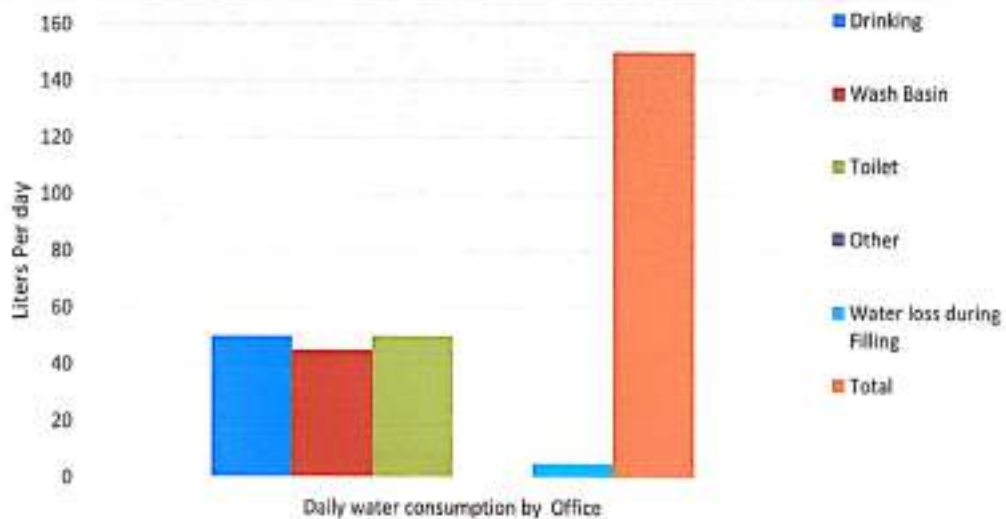

Total use of Water (liter /day)

Daily water consumption by Canteen.					
Site	Kitchen	Drinking	Wash Basin	Water loss during Filling	Total
Total use of Water (liter/day)	400	200	200	20	820
Percentage	48.78049	24.3902	24.390244	2.43902439	100

Daily water consumption by Office						
Site	Drinking	Wash Basin	Toilet	Other	Water loss during Filling	Total
Total use of Water (liter/day)	50	45	50	0	5	150
Percentage	33.33333	30	33.3333	0	3.33333333	100

D. Total Electric Energy Audit.

An electricity audit is simply an audit or calculation of how much electricity you are using in your home and of where that electricity is going.

An energy audit is an analysis of a facility, indicating how and where that facility can reduce energy consumption and save energy costs. Its insight to energy efficiency and conservation can lead to significant savings on the company's utility.

Importance of Electric energy Audit:

- The audit will not only inform you of opportunities but provide you with financial analysis. This will enable prioritization based on financial benefit and return on investment.
- Provide you with solid, easy to understand technical information regarding the proposed energy conservation measures.
- A good quality audit will analyze your historical energy use and find potential issues using statistical methods.
- Provide you with emissions analysis to help you understand the benefits of your decisions from an environmental standpoint.
- Understand where energy is used and which areas are worth focusing on the most (energy hogs).
- Provide you with benchmark information to help you understand your energy use performance compared to others in your field and area.

E. Solid waste audit:

Solid waste management is becoming a major public health and environmental concern world over. Improper solid waste disposal leads to substantial negative environmental impacts e.g., pollution of air, soil, water and generation of greenhouse gases from landfills. Many insect borne diseases are spread through garbage. Therefore, it is necessary to manage the solid waste appropriately to reduce the load on waste management system. The intention of this inventory is to find out the quantity, volume, type and current management practice of solid waste generation in The Venkateshwara Institute of Management.

This survey related to solid waste generation would be helpful for making the college more environments friendly.

❖ Category wise solid waste generation at Venkateshwara Institute of Management (kg/month)

Category wise Solid waste generation.						
Site	Paper waste	Glass waste	Biodegradable waste	Plastic	Other	Total
Total use of Solid (Kg/Month)	3	0	1	0.2	5	9.2
Percentage	32.60869565	0	10.86956522	2.173913	54.34783	100

Category wise Solid waste generation at Venkateshwara Institute of Management.

The average amount of solid waste generated per month in Venkateshwara Institute of Management was 9.2 kg/month. On the basis of observations the highest quantity of solid waste generated is Biodegradable waste which is about 1.0 kg/month and Paper waste is about 03 kg/month respectively. The examination department generated paper waste in large quantity in the college. The plastic waste is produced in minimum quantity i.e. 0.200 kg/month. Besides, the above mentioned waste.

Plastic waste generation and its distribution in college campus

Category	Plastic kg/ month				Total
	Hard	Soft	Carry bags	Other	
Quantity	0.150	0.50	---	----	0.200
Percentage	75	25	---	----	100

F. Hazardous waste audit:

Venkateshwara Institute of Management, Peth is one of the well-known educational institutes having 135 student strength. This college caters the facility for MBA 'faculty' students in their campus. If there is other waste produces will hand over to the particular authority.

G.E-waste:

Generation of e-waste is found on every educational institute. It is observed that the E-waste generated at Venkateshwara Institute of Management is of Schedule II category. Computers, Printers, Laptops, Scanners, Internet Routers and Xerox machines are used for administrative work. The wire required for the connectivity also gets included in the e waste. The college has its own computer 12 computers. The library uses some electronic scanners which after its use can become e-waste. Presently, the college is dispatching the e waste to Venkateshwara Shikshan Sanstha where the waste is collected centrally and it is given to authorized e waste collector.

Key Observations:

- ✓ The average waste generated in the college is. 9.2 Kg/month
- ✓ Highest quantity of solid waste is of Biodegradable waste 1.0 Kg/month
- ✓ Paper waste is 3.0 Kg/month.
- ✓ Plastic waste is about 2.17 % to the total solid waste on the college campus.
- ✓ Some of the classrooms were found without solid waste baskets.
- ✓ There is need of some improvements into the collection of solid waste.
- ✓ Solid waste is to be segregated at the source.

H. Ambient air quality status:

Ambient air sampling is important part of environmental monitoring. Particulate matter and Trace gases sampling were carried out on the college campus. The sampling was carried out using Calibrated Handy Dust Sampler APM 821 with flow rate 1 lit/min equipped with glass fiber filterpaper (size 25 mm). The sampling period was 2 hrs.

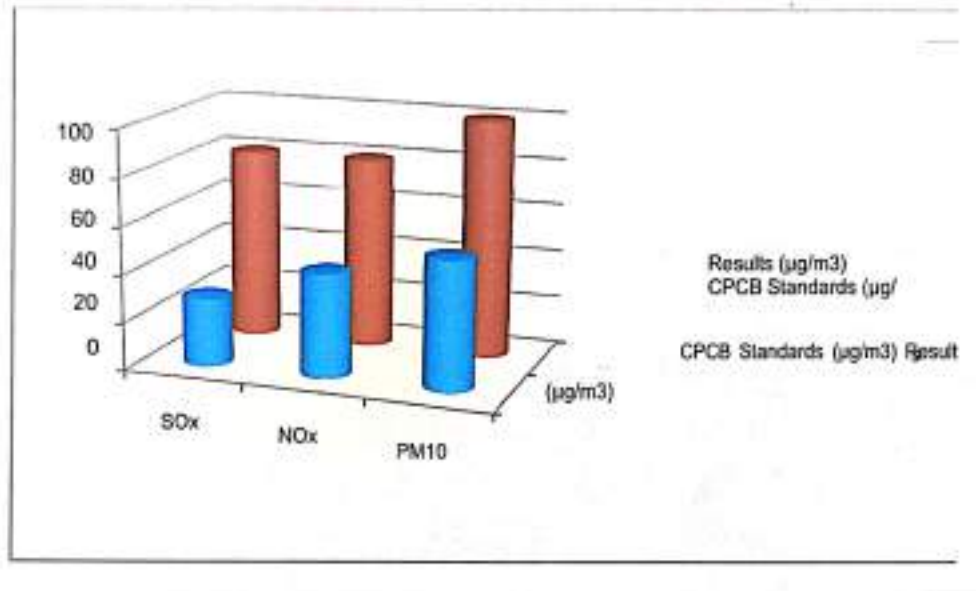

Sulphur dioxide (SO₂) and Oxides of Nitrogen (NO_x) in the air were estimated with West and Geake method and Jacob and Hochheiser modified method respectively. Particulate matter (PM₁₀) was measured gravimetrically. The samples were collected and analyzed in the approved laboratory. The details of air quality status in the college are given as below:

Ambient air quality status of Venkateshwara Institute of Management.

Sr. No.	Parameters	Results ($\mu\text{g}/\text{m}^3$)	CPCB Standards ($\mu\text{g}/\text{m}^3$)
1	SO _x	40.57	80
2	NO _x	35.33	80
3	PM ₁₀	60.61	100

It was observed that all the air quality parameters analyzed were within the Ambient Air Quality Standards of Central Pollution Control Board, India. The air quality is good in the college campus as well as surrounding.

Ambient air quality status of Venkateshwara Institute of Management.

I. Ambient noise monitoring status:-

Ambient noise monitoring was carried out in different areas of college campus like at college campus entry, college gate, and corridor, floor and ladies hostel. The sampling was carried out using calibrated Sound Level Meter (AZ 8921) by logarithmic scale in Decibels (dB). The noise readings were collected in the college campus and calculated. The details of noise status in college campus are given as below:

Ambient Noise levels in Venkateshwara Institute of Management.

Sr. No.	Site Name	Results dB (A) Leq	Standards (Day Time) dB (A) Leq
1	College Campus Entry	65.21	50
2	College Gate	60.04	50
3	Corridor	61.82	50
4	Canteen	58.39	50
5	Library	31.2	50
6	Office	42.5	50

Note: - 1. All parameters expressed in dB (A) Leq.

2. Monitoring is carried during day time.

3. Day time is from 6.00 a.m. to 10.00 p.m.

It is observed from the table that the Ambient Noise levels overall in college is on higher side except ladies hostel as compared to the standards of Central Pollution Control Board for the day time.

Since the college is located adjacent of main roads and therefore, the major source of noise is automobile noise, rolling noise. The human communication and transportation are causing high level sound. It is advisable to increase the green cover in the surrounding to avoid noise.

Ambient Noise levels in Venkateshwara Institute of Management.

❖ **Parking and traffic management:**

Traffic generated from this project will confluent on 15 m wide road to college.

Parking statement:

Total parking area	11.41 sq. m2
Area per car	2m2 for two wheeler

(Width of all internal roads (m): Width of drive ways is 3 m wide)

❖ **Bird's diversity:**

The diversity among birds is striking Birds live in a variety of different habitats. Birds that live in different habitats will encounter different foods and different predators. Birds can be carnivores (feeding on other animals), herbivores (feeding on plants), or generalists (feeding on a variety of foods).

Sparrow, crow, bulbuls, Pigeon, Cuckoo, Bat, Butterfly, etc these species are seen regularly around the campus.

J. Details of tree census in College campus:

The beginning of the 21st century brought growing concern about global warming, climate change, food security, poverty, and population growth. CO₂ is a principle component causing global warming. Atmospheric carbon dioxide levels have increased to 40% from preindustrial levels to more than 390 parts per million CO₂. On this background it is a need of time to cover the educational campuses with green cover interrelated with climate change.

The current is a present status of tree cover, vegetation and carbon storage assessment of area under Venkateshwara Institute of Management Campus. In an era of global warming and climate change; carbon emission, carbon sequestration, mitigation, adaptation are the keywords in academia. Carbon sequestration is a phenomenon of converting atmospheric carbon i.e. CO₂ in to other pools of carbon such as vegetation, soil, ocean etc. in various forms to mitigate global warming. It is one of the important clauses of Kyoto Protocol. Current tree census methodology has been adopted from the guidelines set by Indian Institute of Remote Sensing, Dheharadon, Govt. of India.

➤ **Total number of trees enumerated on Venkateshwara Institute of Management campus:**

All the collected data was tabulated and analyzed with the help of MS- Excel spreadsheets and objected findings were extracted by using various factors given by Inter governmental Panel on Climate Change (IPCC).

➤ **Total number of trees enumerated on Venkateshwara Institute of Management campus:** Total 25 numbers of trees with more than 10 cm girth and height more than 4 ft have been enumerated. Girth and height of every tree has been measured.

- ❖ Total No. of species identified in Venkateshwara Institute of Management campus.

Serial No.	Name	Number of individuals
1	Mangifera indica	04
2	Foxtail palm	02
3	Pruns dulcis	02
4	Plumeria	06
5	Cocos nucifera	03
6	Tamarindus	02
7	Thespesia populnea	02
8	Ficus glomerata	01
9	Plumeria Pudica	03
10	Flower pot	14

CONCLUSION AND MANAGEMENT PLAN

The Natural Solution, Environment consultant, Islampur has conducted a Green Audit of Venkateshwara Institute of Management, in the academic year 2021-22. Green audit is the process of identifying and determining whether institution practices are eco-friendly and sustainable. The main objective of college to carry out green audit is to check green practices followed by college and to conduct a well formulated audit to understand where we stand on a scale of environmental soundness.

Conclusions:

From the green audit conducted by college following are some of the conclusions which can be taken for improvement of the college campus to become environment friendly college campus.

1. College takes efforts to dispose majority waste by using proper methods.
2. Confidential paper waste is disposed properly.
3. Electricity consumption is more at some departments.
4. E-waste segregation, handling and disposal are properly done.
5. Practice of waste segregation to be initiated.
6. Air quality on the campus is good.
7. Conduct more seminars, Camps and group discussions on environmental education and awareness.
8. The number of trees is less.

Recommendations:

Following are some of the key recommendation for improving campus environment.

1. College should develop its own Environmental Policy by using guidelines given in Green Audit document.
2. The data related to all measured environmental parameters should be monitored and recorded regularly and information be made available to administration.
3. The college should develop internal procedures to ensure its compliances with environmental legislation and responsibility be fixed to carry out it in practice.
4. Establish Environmental Cell in college.
5. Increase the number of trees.

ENVIRONMENT MANAGEMENT PLAN:

By understanding the dynamics of present situation of resource utilization and current practices of waste disposal we have prepared an Environment Management Plan (EMP) for the The Venkateshwara Institute of Management, Dist. Sangli. This plan not only will provide the strengths, weaknesses and remedies for the green and clean campus but also give priority of the sector where the college has to give more efforts to improve its environment.

Sector	Strengths	Suggestions
Solid Waste		
Paper	<ol style="list-style-type: none"> 1. Pulping of major portion of papers i.e. answer sheets, bills and other administrative papers. 2. Use of one sided papers in many departments and main building 	<ul style="list-style-type: none"> • Towards paperless office: More use of e-mails, e-money transfer and advance IT technology for communication
Plastic	Reuse of plastic at some departments	<ul style="list-style-type: none"> • Segregation of waste at the source and sending plastic waste for recycling • Ban on Plastic carry bags in College premises
Biodegradable waste	Solid waste generated	<ul style="list-style-type: none"> • Segregation of solid waste help in composting process
Biodegradable Waste	Liquid waste	<ul style="list-style-type: none"> • Instead of fresh water for garden, use treated Anaerobic plant outlet water so reduce the load of fresh water.
Septic Tank	Organic waste.	<ul style="list-style-type: none"> • Use Bacteria for fast degradation of organic waste.
Energy		
Electricity	Use untraditional source of energy	<ul style="list-style-type: none"> • Employment of more solar panels and other renewable energy sources. • General awareness about Electricity saving.

Fuel	Use of public Transport systems comparatively more by staff and students.	<ul style="list-style-type: none"> General awareness about efficient use of fuel.
Water		
Water utilization	College has potential of Rain water harvesting, High liquid waste Generation.	<ul style="list-style-type: none"> Installation of automatic water pumps to avoid overflowing losses Proper and timely maintenance of plumbing at all departments

Hazardous Waste		
E-waste	<ul style="list-style-type: none"> E waste is sent to E waste collection center 	<ul style="list-style-type: none"> There must be segregation of e- waste from regular waste and also among the e-waste. E-waste in all forms not only computers, should be collected properly
Air and Noise		
Air and Noise	Air quality is still in good condition	The plantation can be increased by Vertical gardening.
Tree Census		
Tree Vegetation	There is requirement of Tree Plantation	Avoid monoculture, variety of species should be planted in campus area

- Trenches protect by ETP/STP/WTP
- Upgradation/Modification of ETP/STP
- Consulting service engineers & designers
- Stack & Ambient Air Quality Monitoring

CERTIFICATE

This is to certify that Venkateshwara Institute of Management has undergone detailed Environmental Audit, Green Audit, Energy Audit of their campus and submitted necessary data and credentials for scrutiny. The activities and measures carried out by the college have been verified based on the report submitted and was found to be satisfactory. This green audit is also aimed to assess impact of green initiatives for Maintenance of the campus eco-friendly.

Clean and Green Campus initiatives:

Following Cleaning activities are to be carried out in our Institute.

- Daily clean all offices within early time.
- Daily clean all the campus of the college.
- Daily clean all the Classrooms.
- Daily clean all Bathrooms.
- Daily clean and fill up the water facility to the staff and students.
- Daily clean Computer Lab

Clean and Green Campus initiatives:

No-Vehicle Day (2021-2022)

Venkateshwara Institute of Management, Peth. "Every year, we organize various programmes to promote environment protection. Every fourth Saturday of the month observed No Vehicle Day in which not a single vehicle was allowed inside the college campus. Student becomes aware about bad impact of vehicles on the nature and encouraging their friends and neighbors to use bicycle or electric bike for travelling in the city.

It is observed that during the working hour of the college many students and most of the staff members use private vehicles like cars/bikes/scooters. 22nd September this day is observed all over the world as a World car free day, as a small step towards greener environment in our coming future. Respected I/C Director Dr. S. B. Wadkar Sir encouraged the students to participate in such activities in future as well.

No-Vehicle Day (2020-2021)

Venkateshwara Institute of Management, Peth. "Every year, we organize various programmes to promote environment protection. Every fourth Saturday of the month observed No Vehicle Day in which not a single vehicle was allowed inside the college campus. Student becomes aware about bad impact of vehicles on the nature and encouraging their friends and neighbors to use bicycle or electric bike for travelling in the city.

It is observed that during the working hour of the college many students and most of the staff members use private vehicles like cars/bikes/scooters. 22nd September this day is observed all over the world as a World car free day, as a small step towards greener environment in our coming future. Respected I/C Director Dr. S. B. Wadkar Sir encouraged the students to participate in such activities in future as well.

श्री सजेंराव यादव प्रतिष्ठान, इस्लामपूर

श्रमप्रतिष्ठा

वैकुंठस्नेही पुरस्कार

॥ सन्मानपत्र ॥

श्री. सतीश राजाराम जाधव, नवेखेड

आपणास हे सन्मानपत्र समारंभपूर्वक बहाल करताना आम्हास अत्यंत आनंद होत आहे. जन्माचे स्वागत होतं तर मृत्यूची अवहेलना होते. या मृत्यूला अंतिम सत्य समजून आपल्यासारखे जाणते लोक त्याला जीवनाचा एक सोहळा मानतात. वैकुंठाकडे मार्गक्रमणाचा हा टप्पा मर्त्य जीवनाचा अंतिम सोहळा असतो. या सोहळ्यात आपण एक वैकुंठस्नेही म्हणून वावरताना त्या कुटुंबाचे अश्रू तर पुसताच, त्याचबरोबर आपल्या अमृतहाताने अंतिम संस्कारची तयारीही करता. गावगाड्यांमध्ये प्रत्येक दुःखाच्या ठिकाणी आतापर्यंत आपण मनापासून सहभागी झाला आहात. अनेक वैकुंठवासी झालेल्या पार्थिवावर आपण आपल्या हाताने अंतिम संस्कार केले आहेत. जन्म सोहळ्याचे स्वागत करणारे अनेक असतात, परंतु मृत्यू सोहळ्यामध्ये वैकुंठी जाणाऱ्या प्रत्येक आत्म्याचे आपण स्नेही बनलात. आपल्या या उपेक्षित कार्याची नोंद समाज मनाने क्वचितच घेतली असेल परंतु आपले हे कार्य संतपदाला पोहोचविणारे कार्य म्हणावे लागेल.

या अनोख्या समाजकार्याची जाणीवपूर्वक दखल घेत आमच्या प्रतिष्ठानच्या वर्तमाने श्रमप्रतिष्ठा वैकुंठस्नेही पुरस्कार देऊन आपणास सन्मानपूर्वक गौरवित आहोत.
